SERIAL No 2 Dia,

With reference to Order No 203-5 dated Ed 7-15  
3<sup>rd</sup> July 1897, I have the honour to inform you  
that B Krishnamachar was selected for a  
medical scholarship in 1896, but before  
he could join the Medical College he suf-  
fered severely from an attack of pneumonia  
and was prohibited by his doctors to study  
for about six months. As he was unable  
through no fault of his to avail himself  
of the scholarship in 1896, it was con-  
sidered proper that he should be given  
a scholarship this year. B Devappa-  
Rama Rao is personally known to the  
Senior Surgeon and was selected for the  
privilege to go so far as Bombay to study  
medicine, and because hitherto he has  
helped himself amidst great difficulties  
and finished a course of two years study

at the Grant Medical College, Bombay. He is moreover likely to pass the B Sc Degree Examination of Bombay at the end of this year. C Rajagopal B A asks for either a Medical or Engineering scholarship. His name has been noted among applicants for Engineering scholarships, and C E Rama Rao BA in his application states that he prefers an Engineering scholarship to a medical one. It is hoped that the care taken by the heads of two departments in making the selection will satisfy Government and the scholarships recommended will be sanctioned in time for the scholars to join the Medical College on the 2<sup>nd</sup> August 1897.

I have the honour to be,  
Sir,

The Secretary to the Government of Mysore  
in the General and Revenue Deptts,  
Bangalore

SIR

I have the honour to submit herewith docket No 1654 dated 20<sup>th</sup> November 1897 from the Senior Surgeon forwarding an application for a medical scholarship from I R Narasimengar for favourable consideration. I R Narasimengar is a matriculate student who went on his own account to study in the Grant Medical College Bombay. He has attended the College for a year, passing at the end of the first year course an examination in the Mechanics of Solids and Fluids. He now submits that without Government help he will

not be able to prosecute his studies further,  
the cousin that supported him having died.  
As he has had the enterprise to go so far as  
Bombay to prosecute his studies, his applica-  
tion deserves to be favourably considered,  
and I have great pleasure to support the  
Senior Surgeon's recommendation. This year  
all the three medical scholarships have  
been awarded, but of the three Engineering  
scholarships only one was awarded.

I have the honour to be,

Sir,

Your most obedient servant,

H. P. Bhabha

Inspector General
